Passionate about programming and it's endless possibilities. interested in web development and Data Science.

looking forward to explore new technologies and gain new experience.

2022

Technical Head at AOU ICPC community

Instructor, Mentor and Problem setter

Volunteered in icpc community as technical head to gain social skills and to guide new students to be a problem solver and mentoring them to discover more about themselves.

September 2020 - June 2024

Computer Science Student in Arab Open University

3.6 GPA

Cairo, Egypt

- Leadership
- Problem solving
- Teamwork

2022

Rose-Mathematics Project

Web Project on Github

Created a website to show case rhodonea curve and how can you change it to get beautiful patterns, I used p5.js library to draw the pattern on canvas, and bootstrap to get a good looking simple website.
